ANU

Site 24

<https://www.anu.edu.au/>

The Australian National University (ANU) is unlike any other university in Australia. Founded in 1946, in a spirit of post-war optimism, our role was to help realise Australia's potential as the world recovered from a global crisis.

That vision, to support the development of national unity and identity, improve our understanding of ourselves and our neighbours, and provide our nation with research capacity amongst the best in the world, and education in areas vital for our future, has been our mission ever since.

It can be difficult work, but it is work we proudly do-because connecting talented people with diverse perspectives, equipping and encouraging them to address the most complex of tomorrow's problems, and ensuring Australia's future is not just our approach-it's also our national role and international responsibility as Australia's national university, and it's a responsibility from which we'll never waver.

With the largest steel fabrication workshop in the Northwest region, Belmore Engineering specialises in completing structural steel and metalwork for large projects in the retail, health, government and mining sectors.

Belmore Engineering has the following capabilities:

- Structural Steel
- Metal Fabrication
- CNC Drilling, marking and sawing
- CNC Plasma Beamline Services
- CNC Plasma cutting to 50mm
- Guillotine work up to 8mm plate

One crucial element to the evolution of Belmore Engineering has been the investment in technology. The latest addition to our workshop is the Voortman V630, V1050 and V808M. These 3 CNC machines are integrated together to form a processing line capable of all beam processing requirements. The Voortman production line easily achieves accurate processing of channel, universal beams, RHS and angle. The production line has the ability for complex and custom cutting including drilling, sawing, marking, coping, counter sinking, tapping, slots, blockouts and most 3D shapes.

Think steel, think Belmore Engineering!

Reflections Holiday Parks

Site 09

www.reflectionsholidayparks.com.au

Reflections is a leading nature-driven escapes organisation, welcoming two million day visitors and overnight guests to its New South Wales holiday parks each year. Operating as a profit for purpose business, Reflections manages 37 holiday parks and 43 community reserves on NSW crown land. Any surplus from its operations is reinvested in the 9,289 hectares of land that it manages on behalf of the people of New South Wales. Reflections generates approximately \$89 million in economic value for regional NSW each year, in terms of income and flow on impacts (BDO, 2013).

We are the only group of holiday parks that offer amazing day-use destinations and maintain public recreation reserves for communities to enjoy. As many of our parks are off the beaten track in gorgeous rural settings or wild coastal areas, we understand the importance of sustainable regional communities and support local economies across NSW.

We believe everyone can make a difference in the lives of people, places and our planet.

The Australian thoroughbred breeding sector is a world-leader and Thoroughbred Breeders Australia (TBA) is committed to creating a pathway for passionate horse people to enter our industry. Launched in 2018, Fast Track provides an accelerated introduction and learning experience that will help graduates progress quickly in careers within the breeding industry.

Successful applicants are employed full-time on a respected stud farm for 12-months while studying for a Certificate III in Horse Breeding; a nationally recognised qualification. As well as the formal equine study, trainees take part in a number of broader learning opportunities aimed at fostering their personal development.

These include defensive driver training with NRMA, first aid, mental health and appropriate workplace behaviour workshops; as well as field trips to major stud farms, vet clinics and the races. This opportunity does not require an equine background, just a passion for horses.

TBA is always happy to meet with groups, students and individuals who are interested in learning more about the Fast Track program and the myriad career opportunities offered by the thoroughbred industry. Information sessions can easily be facilitated via Zoom or in person. If you would like further information on any of these particular areas please don't hesitate to contact Madison Tims via email at madison@tbaus.com. Otherwise you can read more about the Fast Track Program and express interest for the 2023 via our website above.
