JOHN DEERE

**HUTCHEON
& PEARCE**

Hutcheon and Pearce

Hutcheon & Pearce has been a proud family business since 1953, growing to more than 500 employees across 20 branches throughout NSW. As we continue to evolve with the changing needs of the agricultural sector, we remain focused on finding the right people to grow with us.

At the heart of our approach is a clear belief: attitude comes first, skills can be built. We look for apprentices with curiosity, commitment, and team spirit, then invest in developing their technical capability through structured training, mentoring and real dealership experience.

From day one, apprentices are supported with clear development plans, hands on learning and exposure to industry leading equipment from John Deere.

Qualification is only the beginning. Post apprenticeship, we offer defined pathways into specialist technical roles, field service, diagnostic or master technician, precision agriculture, integrated solutions and leadership. At Hutcheon & Pearce, you are not stepping into a job. You are building a long term career with a business that grows with you.

Engineers Australia

**ENGINEERS
AUSTRALIA**

<https://www.engineersaustralia.org.au/>

Engineering shapes the world around us. Engineers tackle society's biggest challenges-clean energy, modern infrastructure, advanced healthcare, cutting-edge technology, and a more sustainable planet. Yet many students don't realise how broad and exciting engineering truly is.

Engineering is far more than designing or calculations. Engineers imagine, build, lead, test, innovate and solve problems that matter. They work across design and analysis, project management, construction and operations, research and testing, planning, safety, quality and so much more.

Engineers Australia helps students discover this world of possibilities. As the peak organisation that supports engineers across the profession, we promote engineering as a trusted and vital career, uphold professional standards, and guide the next generation toward meaningful STEM pathways.

No matter your interests or background, engineering has a place for you- and your journey can start today.

Essential Energy

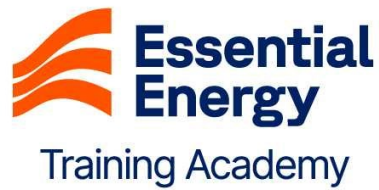

<https://www.essentialenergy.com.au/careers>

Essential Energy builds, operates and maintains one of Australia's largest electricity distribution networks, providing a vital service to over 900,000 customers across regional, rural and remote communities.

Our network footprint covers 95 per cent of New South Wales and parts of southern Queensland, traversing 737,000 square kilometres of diverse landscape from the desert to the coast, across alpine to sub-tropical.

Essential Energy Training Academy

<https://www.essentialenergy.com.au/trainingacademy>

The Essential Energy Training Academy is a future-focused education hub designed to prepare people for careers in Australia's rapidly evolving energy sector. Launching in 2026, the Academy builds workforce capability across regional, rural, and remote NSW, offering inclusive, high-quality training and nationally recognised qualifications from Certificate II through to Diploma level, with a strong focus on renewable energy and electrical skills.

Backed by Essential Energy's award-winning Registered Training Organisation (RTO) and existing industry infrastructure, the Essential Energy Training Academy delivers hands on, industry led learning that aligns directly with real workforce needs. A key feature is the purpose-built training facility in Tamworth (due for completion in 2027) which provides modern, practical learning environments for both internal and external students.

By addressing critical skills shortages and supporting local job growth, the Essential Energy Training Academy empowers students to build job-ready, future-proof careers while contributing to a sustainable energy future for regional communities.

Hutcheon and Pearce

<https://www.hutcheonandpearce.com.au/>

Hutcheon & Pearce has been a proud family business since 1953, growing to more than 500 employees across 20 branches throughout NSW. As we continue to evolve with the changing needs of the agricultural sector, we remain focused on finding the right people to grow with us.

At the heart of our approach is a clear belief: attitude comes first, skills can be built. We look for apprentices with curiosity, commitment, and team spirit, then invest in developing their technical capability through structured training, mentoring and real dealership experience.

From day one, apprentices are supported with clear development plans, hands on learning and exposure to industry leading equipment from John Deere.

Qualification is only the beginning. Post apprenticeship, we offer defined pathways into specialist technical roles, field service, diagnostic or master technician, precision agriculture, integrated solutions and leadership.

At Hutcheon & Pearce, you are not stepping into a job. You are building a long term career with a business that grows with you.

International College of Management, Sydney

<https://www.icms.edu.au/>

The International College of Management, Sydney (ICMS) is a leading private higher education provider.

Students can study at our historic castle campus overlooking Manly Beach, at our modern City Campus in Haymarket, or online.

Our degrees specialise in Business, Marketing, Fashion, Sports Management, Entrepreneurship, Accounting, Property, Event Management, Hospitality, Tourism, and Information Technology.

What makes ICMS different is our strong focus on real industry experience. Every student completes professional placements as part of their bachelor's or master's degree. This allows them to gain practical skills and build connections before they graduate. Our classes are smaller and more personalised than many traditional universities, and students are supported by lecturers who have real industry backgrounds.

ICMS is all about combining practical learning with academic study. We help our students graduate career-ready and confident about their next steps.

Uniting Local Area Coordination is working in partnership with the NDIA to support you with your NDIS plan. Local Area Coordinators (LACs) can assist you with understanding and accessing the NDIS, as well as creating, implementing, and reviewing your plan. We can provide information for, and about providers working with participants to help them get ready for work and to plan their pathway to employment, service agreements and funding. The NDIS Participant Employment Strategy sets out the NDIA's vision, commitment and action plan for supporting NDIS participants to find and maintain meaningful employment.

UAC

<https://uac.edu.au>

The Universities Admissions Centre (UAC) processes applications for admission to most undergraduate courses at participating institutions, primarily located in NSW and the ACT.

We also:

- Process applications for admission to many postgraduate courses
- Calculate and provide the Australian Tertiary Admission Rank (ATAR) to NSW HSC students
- Process applications for Educational Access Schemes (EAS)
- Process applications for some Equity Scholarships (ES)
- Process applications for some Schools Recommendation Schemes (SRS).

UAC is committed to providing excellent service to its applicants as well as to tertiary institutions, schools, parents, government education departments, statutory authorities and other bodies. In collaboration with our participating institutions, we continuously explore ways of improving our service and the way in which we deliver it, and promote equity of access to tertiary education.

Workforce Australia Local Jobs

<https://www.dewr.gov.au/local-jobs>

Workforce Australia Local Jobs (Local Jobs) is a program that supports tailored approaches to accelerate reskilling, upskilling and employment pathways. The program is designed to help address current and future workforce needs of local communities. The program focuses on helping individuals get the skills they need for local jobs.

Every region is different so local knowledge and collaboration is essential for tailoring solutions that are specific to each region. The program brings together key local stakeholders to develop projects that provide individuals with the training and skills that businesses are looking for.

The program is delivered in all 51 Employment Regions across Australia and has been extended to 30 June 2027.

Worldskills Australia

<https://www.tafensw.edu.au/>

WorldSkills Australia is a social enterprise that passionately believes skills drive the future of young people, and of Australia.

We are part of an international WorldSkills movement.

We have been enabling young people to showcase their trade and skills talents since 1981.

Our skills-based competitions operate at regional, national and international levels, and are aligned to National Training Packages and the Australian Government Your Career, the home of Career Information Explore Your Career | Your Career.

Our National Championship is Australia's biggest vocational education and excellence competition.

We promote and build a skills culture, celebrate excellence and showcase vocational education and training. We achieve this by engaging in research, promoting skills, building careers, focusing on education and skills training in Australia, fostering international cooperation and development, and running skills competitions and leadership programs.

Vision- WorldSkills Australia influences, challenges and supports Australians to develop, recognise and promote skills excellence for a thriving economy.

Purpose- WorldSkills Australia's purpose is to facilitate, promote and grow Australia's skills excellence.

VALUES:

- PASSION** - Boundless enthusiasm that is the driving force behind our successful endeavours to provide purpose and support to keep striving towards excellence in all we do.
- CONFIDENCE** By being, instilling and growing confidence in ourselves and others, excellence can be achieved.
- COLLABORATION**- We are a community that carries the load together by building purposeful relationships grounded in cooperation and a shared vision.
- INTEGRITY** -Approaching all aspects of the Organisation in an honest, transparent, ethical manner to foster an open, trustworthy, inclusive, and positive environment for all.
- QUALITY** - We have high standards. We execute on the details. We take pride in our work. Excellence is a state of mind.
- RELEVANCE**- We strive to ensure all we do remains connected and appropriate in the communities we exist in.
